Dear exhibitor

The Sri Lanka Emergency Medicine Congress 2019 (SLEMCON 2019) will be held on 2nd and 3rd of November 2019 at Waters Edge, under the auspices of Sri Lanka Society of Critical Care and Emergency Medicine (SSCCEM). In addition to the main conference there will be many internationally reputed workshops in Emergency Medicine running for approximately one week as pre and post congress workshops. Internationally qualified reputed experts from Australia, USA, UK, Singapore and SAARC Region will attend the program as resource personal.

Taking part in SLEMCON 2019 not only ensures you the possibility to interact with key leaders in the field of emergency medicine and critical care but will also give your company significant exposure to a large audience of leading experts and decision makers from Sri Lanka attending the event. New techniques and products will be debated in a high-level educational setting and our comprehensive scientific programme caters to promote your products in parallel sections of the event.

SLEMCON 2019 will promote up to date diagnostic and treatment protocols and guidelines in managing patients in Emergency Departments. This is an internationally recognised concept in these rapidly changing specialties of Medicine. Your company's participation will be an important part of extending these new changes to improve the quality of care for critically ill.

Industry's participation is important to support this new and expanding field and it will provide you with a unique opportunity to communicate your company's message to an audience consisting of experts with similar needs in Sri Lanka

We are expecting more than 300 doctors all around country in related to emergency and critical care and more than 200 nursing officers attached to emergency units in Sri Lanka to be participated in the conference.

We are looking forward to welcome you as an Industrial Partner in SLEMCON 2019.
